NEW BREACHES MADE IN BADLY BATTERED GERMAN LINES BRITISH NOW LAUNCHING HEAVY ASSAULTS ON 12 MILE FRONT

Unofficial Accounts
Report Progress
Made.

Strong Positions Re
ported Taken.

Other Strategic Posi
tions Menaced.

By Associated Press Dispatch.

New breaches in the already badly battered German line on the Arras battlefield are being made by the British in a heavy assault launched on a twelve mile front today.

Striking three and one half miles south of Lens, General Haig's troops drove at the Germans all along the line as far south as Croisilles, eight and one half miles southeast of Arras.

Virtually the whole front of the attack at the beginning of the Arras battle on April 9 was thus under assault by the British infantry.

Of the initial success of the renewed offensive, the official British report speaks positively, recording the capture of a number of strong enemy positions.

Unofficial accounts of the fighting specified British progress towards Fresnoy, marking a still deeper thrust north of the Scarpe.

South of the Arras-Cambrai road, the Germans have been driven back in the direction of Cherisy.

Occupation of this latter town by the British would mark an advance of considerably more than a mile.

ADM'L VON CAPELLE
SAYS SUBMARINES
ARE SUCCEEDING

Photo by American Press Association

"Wheat and corn are needed badly, and also pork and beef.

"Since March 1, we have lost five loaded boats, but in March and April 60,000 tons of foodstuffs were landed.

"But this was 220,000 tons less than we actually required. Because of the shortage, the mortality in industrial districts multiplied by three."

CLARK AGAIN TAKES FLOOR

Speaker This Time
Leads the Fight
Against Censorship.

By Associated Press Dispatch.

Washington, May 3. — Speaker Clark left the chair today to open the fight to strike out the censorship section of the House espionage bill as proposed by Representative Graham, of Pennsylvania.

The speaker declared that this section of the bill was in direct violation of the constitutional guarantee of free speech and a free press.

CLARK'S POSITION

The Speaker read from the first amendment of the constitution, which declares that Congress shall not abridge the rights of religious liberty and free speech of a press, and designated it the most important part of the constitution.

"I believe the press censorship proposed here is in frank violation of the constitution," he said.

"The fact that editors slander people, abuse them like pickpockets, and lie about them for doing their plain duty—and in the last ten days I received as much of that as anybody—will not make me vote for what I do not believe is constitutional."

It was agreed to debate the section for four hours. A final vote on the bill tonight appeared unlikely.

THREE MEN WERE DROWNED WHEN ROCKINGHAM SUNK

London, May 3.—(Associated Press Cable)—Three men were drowned by the sinking of the American steamer Rockingham by a German submarine, survivors who reached land today reported. No word has been received of the boat containing the thirteen missing men. There were twelve naval gunners on board.

MARKED REDUCTION NOW IS FORCASTED IN TRAIN SERVICE

Daniel Willard Points
Out Demand on
Carriers.

Allies' Demand May
Cause Readjustment.

By Associated Press Dispatch.

Washington, May 3.—Curtailling of passenger train service on on shipment of the country's entire output of rolling stock and rails to the Allies were forecast today by Daniel Willard in a speech before the National Defense Conference of Governors and representatives of State defense councils.

Already, Mr. Willard said, the Federal Council's general railroad board was working on a plan for readjusting schedules.

Other nations at war, he said, have discontinued passenger schedules entirely, but the American Government hopes to bring the railroads to their highest point of efficiency by eliminating duplication and reducing the number of passenger trains as far as possible without inconveniencing the public.

Of the 14,000 passenger train locomotives in the United States, the railroad board hopes to release 4,000 for freight trains.

ARCHER NAMED G. O. P. LEADER

Harding Says Work
of Reorganizing
Party Is On.

By Associated Press Dispatch.

Columbus, O., May 3. — Reorganization of the Republican Party in Ohio was begun by party leaders at a closed-door conference here today. A subcommittee will work out details.

It ratified the nomination of former State Treasurer R. W. Archer as campaign manager and Charles E. Hard as secretary of the Advisory Committee. Selection of a staff for state headquarters will not be announced at present.

United States Senator Warren G. Harding, who is at the helm, gave out a statement saying that the subcommittee will work slowly in reorganizing the party in the State.

"We have started broadly, by sweeping aside all past differences, and the policy of the committee will be to ignore all grievances, factional warfare and personal ambition, and lay a foundation on which every man who believes in the Republican party can stand."

U. S. SUPER-DREADNOUGHT WYOMING

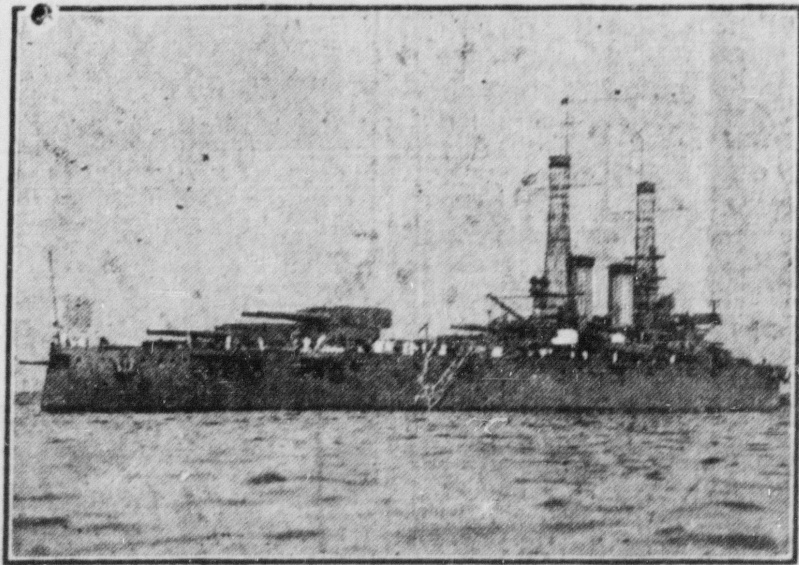

Photo by American Press Association.

The Wyoming displaces 26,000 tons and is 562 feet long and carries twelve twelve-inch guns. She carries a crew of 1,048 officers and men.

BACK TO MEDIEVAL
DAYS; MEN TEST
ARMOR FOR BODY

THE BREWSTER ARMOR

Dr. Guy Otis Brewster of Dover, N. J. inventor of a bullet proof headgear and jacket, tried them out against a bullet shot by Sergeant George Chiswell, a sharpshooter of the Fifth regiment, national guard, New Jersey. The doctor stood sixty feet away from the sharpshooter, and the bullet had an estimated speed of 2,740 feet per second, with an impact of 2,400 pounds. The sergeant shot directly at the doctor's heart, and the bullet was deflected without even denting the jacket. The entire outfit weighs less than twenty pounds, and a soldier wearing the outfit can maneuver with a gun and bayonet, march and charge with an almost equal facility to the soldier in ordinary uniform and if hit with a bullet the effect would be about as great as if he had been hit with a pea shooter, it is said.

The photo shows Dr. Brewster, the inventor of the bullet proof headgear and jacket in national guard uniform.

INSANITY PLEA FOR VAWTER

Alienists Called in
Murder Trial.

By Associated Press Dispatch.

Christianburg, Va., May 3. — The defense in the trial of Charles E. Vawter, charged with shooting Stockton Heath, Jr., turned to a plea of insanity today, and Vawter's attorneys began calling alienists.

Dr. A. M. Showalter testified that a letter to Heath, supposed to have been written about the middle of last May, taken in connection with previous events, was, in his opinion, written by an insane man.

Dr. H. F. Henderson, college physician at Virginia Polytechnic Institute, testified that he has always regarded Vawter as unbalanced.

LT. THOMAS IS BURIED IN THE SEA

Brave Commander of
Gun Crew Died of
Exposure.

Survivors Make Port
Suffering Severely

(Associated Press Cable)

London, May 3.—Captain S. S. Harris and eight other survivors of the American tank steamer Vacuum, sunk by a German submarine, arrived today at (deleted by censor), suffering severely from exhaustion and exposure.

Lieutenant Thomas, U. S. N., who was in command of the gun crew on the Vacuum, died of exposure on Sunday morning in the captain's boat. His body was buried at sea.

The captain's boat was overturned three times, and the men had a terrible battle for life.

The survivors will be unable to travel before Saturday.

BRAZIL'S PREMIER RESIGNS

Berlin Detains Bra-
zil's Minister and
South American
Republic Orders
the Detention of
Adolph Pauli.

(Associated Press Cable.)

Rio Janeiro, Brazil, May 3.—Dr. Lauro Mueller has tendered to President Brax his resignation as Minister of Foreign Affairs.

The Government has received information that the Brazilian Minister to Germany has been ordered detained in Berlin, and has ordered the detention of Adolph Pauli, German Minister to Brazil, who is on his way to Uruguay.

Dr. Mueller has been bitterly criticised in Brazil since the relations between the Republic and Germany first became acute, on the ground that he was pro-German in his sympathies.

His opponents accused him of using his influence to prevent a breach of relations between Brazil and Germany and demanded his resignation. He is one of the best known states-

MAJOR GEN'L BARNETT
COMMANDER OF THE
U. S. MARINE CORPS

Photo by American Press Association.

men in South America and has made several visits to the United States.

MEANS BRAZIL'S ENTRY

By Associated Press Dispatch.

Washington, May 3.—Dr. Mueller's resignation as Foreign Minister of Brazil is construed by some State Department officials as forecasting Brazil's entry into the war against Germany.

The Brazilian Congress convenes today and President Brax is expected to place before the body all the facts concerning the relations of the two countries and perhaps ask for a declaration of war.

RUSSIA FIRM

(Associated Press Cable.)

Petrograd, via London, May 3.—The Russian provisional Government has sent to the Russian representatives in the Entente Allied countries a note assuring the Allies that the change in government in Russia cannot afford a pretext for any slackening on the part of Russia in the common struggle of all the Entente Allies.

GARDEN PATCH OF CANAL BED

State Gives Permis-
sion to Use Land.

By Associated Press Dispatch.

Columbus, O., May 3.—The Ohio Department of Public Works today granted use of state canal properties for gardening and truck farming purposes to Mayor H. F. Repass of Lancaster; Mayor J. R. Smith, of Logan; the City of Chillicothe, and to property owners in Newark and Coshocton.

'U' MENACE GRAVE ONE

Herbert C. Hoover
Gives His Views.

Belgium and France
Face Starvation.

Five Relief Ships
Lost Since March
First.

By Associated Press Dispatch.

New York, May 3.—The German U-boat menace has made the food situation in Belgium and northern France one of extreme gravity, the mortality among adults in the industrial districts having multiplied by three during March and April, according to Herbert C. Hoover, who arrived here today from Europe on an American ship.

Mr. Hoover said he would go immediately to Washington, to take charge of the Government's food control program.

"The food situation in Belgium and northern France requires every effort that we can make," said Mr. Hoover, who does not intend to relinquish his position as head of the Belgian Relief Commission.

UNION TOWNSHIP WILL HAVE FOUR SCHOOL BUILDINGS

Union Township Board Decides
Four Structures Necessary
and Architect Hicks Is Em-
ployed to Submit Plans Within
Two Weeks.

After a lengthy session of the Union Township Board of Education, held Wednesday afternoon, and attended by a large number of Union township citizens interested in the location of the new centralized school building, the board decided upon four new buildings and employed Architect J. Howard Hicks, of this city, to prepare plans and specifications to be submitted to the board in the near future.

One of the new buildings, each of which will contain at least four large rooms, will be erected on the R. C. Hunt land at the intersection of the Greenfield pike and the road extending from the Creek road to Staunton. The second building will be located on the present school site at Chaffins, on the Jamestown pike, at the intersection of the Plymouth pike.

The third building is to be located on the Zimmerman land, at the intersection of the Eber road with the Prairie pike, at Eber.

Building number four will be located on the Circleville pike, at the intersection of the Bogus road, and will probably be placed on the Casey land on the south side of the Circleville pike and west side of the Bogus road. However, the exact location of the buildings at the points mentioned, depends entirely upon whether sites can be purchased at a reasonable price. If the price is held exorbitant, other sites will be looked for in the same locality, but not the same farm.

The Board took steps to have the bond issue of \$50,000 arranged for at an early date, so that they can begin work on the various buildings without delay. It may be necessary to increase the amount in order to build four suitable structures.

The decision of the board has caused much satisfaction throughout the township, although some few complaints are heard.

The Board also employed Attorney Tom S. Maddox as special counsel in handling the bond issue and other affairs connected with the work of centralizing the schools.

MRS. S. G. GIRTON FUNERAL FRIDAY

The funeral of Mrs. S. G. Gorton, of Darbyville, who died suddenly Tuesday evening after returning home from this city where she had been visiting her son, Mr. Mark Gorton, and wife, of Paint street, will be held at the M. E. church, Darbyville, Friday morning at 10:00 o'clock, and interment will be made in the Darbyville cemetery.

Mrs. Gorton had been home some four hours, after her return from this city, when she was seized with an attack of heart trouble and died almost instantly.

She is survived by her husband, one son, Mark, of this city, and a sister, Mrs. Jennie Hott, of Ashville.

Mr. and Mrs. Mark Gorton have gone to Darbyville where they will remain until after Friday.

FANCY CATTLE ATTRACT ATTENTION

A car of extra fine cattle delivered by Frank E. Haines, of the Creek road to shippers Darlington & Teachnor, at the B. & O. Wednesday, attracted a good deal of attention and high praise on the part of stock raisers and cattle men who saw them.

The cattle, which go in the yearling class, averaged 1,111 pounds, a very unusual weight for their age. They were well finished and brought the top notch price.

DR. CURTISS NAMED RECRUITING OFFICER

Dr. W. W. Curtiss, of Greenfield, who for years has taken active part in military affairs in Greenfield, has been appointed recruiting officer for Greenfield for the Officers' Reserve, and is now enrolling all eligibles who apply.

TEACHERS' EXAMINATION
The first examination for teachers of the city schools of Washington C. H. Ohio will be held at the High school building, Saturday, May 26th. Examination will begin promptly at 8:30 o'clock.

AMY V. CONN, Clerk.
May 3, 1917.

B. F. TOOPS WILL BE IN CHARGE OF LABOR EXCHANGE

Popular Principal of Cherry Hill School Is Appointed, But Will Complete School Work—Mrs. O. D. Maddux Will Be Assistant—Office Open Throughout Day.

Prof. B. F. Toops, principal of Cherry Hill school and highly qualified for handling the Labor Exchange in this city, has been named by Prof. Hammond, of the O. S. U. as head of the Bureau or exchange established here, and will devote his entire time to the work as soon as school closes three weeks hence.

However Prof. Toops will devote considerable time to the work in the interval until school is out, his appointment beginning with today and continuing indefinitely.

Prof. Toops will be assisted in the work by Mrs. O. D. Maddux, who will be clerk of the Bureau, having been appointed by Prof. Hammond.

By having the Labor Exchange or Employment Bureau located in the same building with Crop and Food Commissioner Maddux' office, the services of one member of the Bureau have been dispensed with. In other words two persons will be employed instead of three, and there will no office rent.

Mrs. Maddux will be on duty in the office at all times during office hours, and will look after all requests for employment or for labor which come to the office either by phone, in person, or by letter. As soon as released from his school work, Prof. Toops also will devote much of his time to the office work and the remainder to field work.

One of his first steps will be to establish a branch in Wilmington for bringing employer and employee together in Clinton county, as the work will be carried on in both Fayette and Clinton counties.

ALL MANURE HEAPS MUST BE REMOVED

After this week, according to an announcement made by Health Officer Byron, the work of forcing removal of all manure piles in alleys and about premises in the city, will be taken up, as there is an ordinance requiring that all such fly-breeding places be kept out of the alleys and in fact out of the city.

A large number of citizens, according to Health Officer Byron, have been very negligent about prompt removal of manure heaps. No formal request to move such heaps is necessary, and no further request is to be made, but the ordinances of the city will be evoked if necessary to bring about sanitary conditions where the present conditions are very unsanitary.

NEXT FISH AND GAME MEETING IMPORTANT

The next meeting of the Fayette County Fish and Game Protective Association, will be held Monday night at 7:30 in the common pleas court room, and a delegation of Greenfield citizens will attend for the purpose of obtaining pointers in order that a similar organization may be launched in Greenfield.

In addition to the Greenfield visitors, Mr. Tiffin Gilmore, one of the most prominent sportsmen in Ohio, will deliver an address on Black Bass, telling those present more than they ever dreamed about this fine species of fish.

All members of the Association are being urged to attend.

GRAND JURY WILL REPORT NEXT WEEK

Monday of next week the May grand jury will report for duty, and the May term of court will be formally launched.

The grand jury will have at least one busy day's work, and may be in session a couple of days.

There are more than a dozen cases awaiting the action of the jury, although a number of them are of trivial nature.

WIRE WORM BUSY ON PLANTED CORN

Mr. J. W. Armstrong, grocer, Oak and Harrison streets, announced Thursday morning that he had examined sugar corn planted several days ago and found that nearly every grain contained one or more wire worms.

one of the worst enemies the farmer has.
Mr. Armstrong believes that he should know of the wire worms in corn until the ground is warm, insuring immediate attention of the grains and less likelihood of being disturbed worms.

GRAVEL PRICES JUMP H. C. L. IS THE CAUSE

Mr. George Perry, the local sand and gravel dealer, announces that on and after May 5th the price of gravel will be \$1.10 per yard delivered instead of \$1.00 per yard as heretofore. Mr. Perry explains that the advance is made necessary by the tremendous increase in the price of grain, especially corn, making it impossible for him to feed his teams at anything like the cost formerly obtaining.

This is another instance of how one advance brings another and another, on down the whole line.

MANY ENROLL FOR CIVILIAN TRAINING

More than a score of young men between the ages of 16 and 18 have signified their willingness to join the Civilian Training which is being planned in this city, and it is expected that in the near future this training will be launched under the direction of the officers of Company M.

It is planned to drill these young men so that they may master the art of military drill, and learn something of soldiering.

B. H. MILLIKAN POST

No. 92 Department of Ohio, G. A. R. will meet in regular session Saturday afternoon, May 5, 1917 at 2:00 o'clock.

All comrades are urged to attend this meeting. Visiting comrades will receive a cordial welcome.

ISAAC N. ROWE, P. C.
RUFUS H. HARROP, Adjt.

RUMMAGE SALE

The Willing Workers of McNair Presbyterian church are planning for a rummage sale to be held soon. If during spring housecleaning housewives discover articles not wanted for storage they will assist by donating same. Telephone the following committee: Mrs. M. O. Ireland, Bell 43-W; Mrs. Chas. Campbell, Automatic 4504; Mrs. Owen Ford 4794.

RENEW WORK HERE

B. & O. linemen, engaged in stringing the telephone wires for the new phone dispatching system of the Midland division of the road, have resumed work at this point after several days spent at Hamden.

The lines will be strung to Mt. Sterling this week, it is expected.

THORNHILL NAMED REPRESENTATIVE

E. A. Thornhill, prominent merchant of Sabina and for 14 years clerk of the State Camp of M. W. A., has been appointed representative from the M. W. A. of Ohio to the National Camp M. W. A., in Chicago during the coming summer.

WONDERFUL VALUE
SEE OUR WINDOW
TIME SP

moving picture
national Cash Register
Dayton, at the invitation of
Treat Club of this city.

Those in attendance were chiefly merchants and their sales force, and all who attended found the pictures and lecture by Mr. Warren very interesting and helpful.

To those who were not employed in a store the pictures and lecture gave enlightenment as to the troubles of the average storekeeper, and whether he is using business methods or guess work.

Prior to showing the film, "Troubles of the Storekeeper," which, of course, is chiefly for advertising cash registers, yet carries a punch with it that is convincing on the manner of conducting business, a series of pictures on home gardening were shown, and proved of especial interest to virtually everyone.

Accompanying the pictures was statistical information and helpful suggestions for properly handling a business.

In his lecture Mr. Warren said that retail merchants must learn efficient methods, and that during 1916, there were 1391 failures in general stores and 3599 failures of grocery stores.

He also declared that a recent investigation by the Harvard University shows that the average grocery store pays only 4.78 per cent profit on its investment. Late statistics of the Federal Trade Commission based on 213,000 cases, show that only 21,000 of them kept the proper set of books. These were manufacturers, jobbers, and retailers.

MANY WESLEYAN STUDENTS ENLIST

By Associated Press Dispatch.
Delaware, O., May 2.—Within a week practically one-fourth of the men of Ohio Wesleyan University will have entered war service. Agriculture has taken about 80, munition factories about 25 the army and navy 6, and about 25 to 50 will enter the officers' reserve training camp at Fort Benjamin Harrison in a week. A few men in the college are members of the Ohio National Guard and subject to call.

There are four companies of cadets in training daily, a medical and hospital unit and a large number of women in Red Cross training.

All men leaving for service are given full credit. Athletics have not been seriously affected by the withdrawal of the men.

Secretary Lane's Plain Talk

That was a plain talk—straight from the shoulder—which Secretary Lane gave to the state governors assembled in Washington City for instructions as to how best they could help the national administration in the great work of preparing to do our part in the world war.

The cabinet official was not at all optimistic in his prophecy as to the duration of the war—in fact he was very much the reverse of that.

Very properly, he impressed upon his hearers that the service which this nation could render for the cause of liberty throughout the world depended entirely upon sane preparation following a clear understanding of the situation and its requirements.

Secretary Lane was careful to impress upon the state executives that they should not take home to their constituents anything save the truth and the instructions to prepare for conditions as the present outlook discloses them to the men in authority.

Our national officials are following the proper course in refusing to picture our prospects in glowing terms which is the worst form of deception, in its effect even though the intentions may be honest.

We don't like to hear these unpleasant prospects but it is better to hear them before disaster has come by failing to understand the gravity of the occasion.

The Tax Listing Law

The time for listing property for taxation has expired, at least so far as individuals are concerned, save only the review work by the Auditor and his assistants and the several assessors.

The operation of the new tax law, effective for the first time this year has, according to all reliable reports, been a pleasant surprise to both officials and to the public.

In the first place the number of individuals making returns shows an increase—quite a considerable one—and the total of property returned for taxation also shows an increase—a surprisingly large one. Those are the main objects sought in any tax law and the fact that progress has been made toward the desired end in the two main objects is a strong testimonial to the worth of the present plan.

Perhaps the most remarkable thing in connection with the really surprising results accomplished is that very little, save trouble, was expected of the law, in the way of results when it first became operative.

The people of the state have done better under a law which required of them, voluntary action than they did under any of the most drastic measures ever enacted.

Of course all of the final figures have not yet been compiled but from those available at this time the conclusion seems warranted that the innovation in tax listing laws has worked out very well indeed.

There were some annoying and apparently useless details in the method of executing the new law but the results prove those "little" features to be inconsequential.

The experiment has, on the whole, it seems, worked well and a law which was intended only as a legislative "make-shift" may be found to contain some main features worthy of permanent adoption.

It looks that way now.

Automobile Accidents

While there are yet far too many automobile accidents—a great many more than there is any real cause for—the number is decreasing.

It seems reasonably certain that notwithstanding the use of automobiles has increased tremendously the number of accidents has decreased.

Of course there is a reason for this very happy development. In the first place automobiling is no longer simply a fad and fancy of the reckless, it is no longer a sport only.

The use of automobiles has become part of the every day life of the world and while there are thousands of machines used for pleasure it is for sane and wholesome enjoyment. Responsible people in all walks of life, business and professional men, and women too, use automobiles now days. They use them as a means of getting from place to place, they are used by country people and city people alike, they are used as a necessity and as a means of affording wholesome enjoyment to their fortunate owners.

The novelty of the automobile has worn out. People have become accustomed to them and they know how to use them.

Practical adoption into every day life has caused the interest of the irresponsible to vanish to a great extent.

A man driving an automobile is no longer out of the ordinary—he is not the matter of greatest interest on the highways, the opportunity to "show off" has disappeared as a consequence and with its disappearance has come, quite naturally, a reduction in the number of accidents.

Poetry For Today

HER PART.

Dear Lord, let me look happy when he comes,
 Although my midnight pillow shall be wet,
 And let me meet the mocking roll of drums
 With glance so glad he never can forget;
 And let him take with him across the sea
 Or land, wherever fate design—
 Perchance to Heaven's gate—the thought of me
 Uphold by rapture high and proud and fine.

For these I give, alike for love of him
 And country, tears he may not know
 And courage bold, though basing faith be dim,
 And splendid pride to cloak my bitter woe,
 And, Lord, if so it be he come not back
 For any loving look or word or smile
 Let that last vision cheer his very lack,
 And comfort every lonely hour and talk and mile.

And, Lord, if so it be that he return
 In time to home and eager love of me,
 Still let that parting gaze with glory burn
 Through all the changeable seasons yet to be,
 For, Lord, he goes to fight for good
 And all his country's need in this, her crisis keen,
 And I would let no marring shadow fall,
 In baser mood his heart and mind between.

NEW INVENTION

(By American Press)

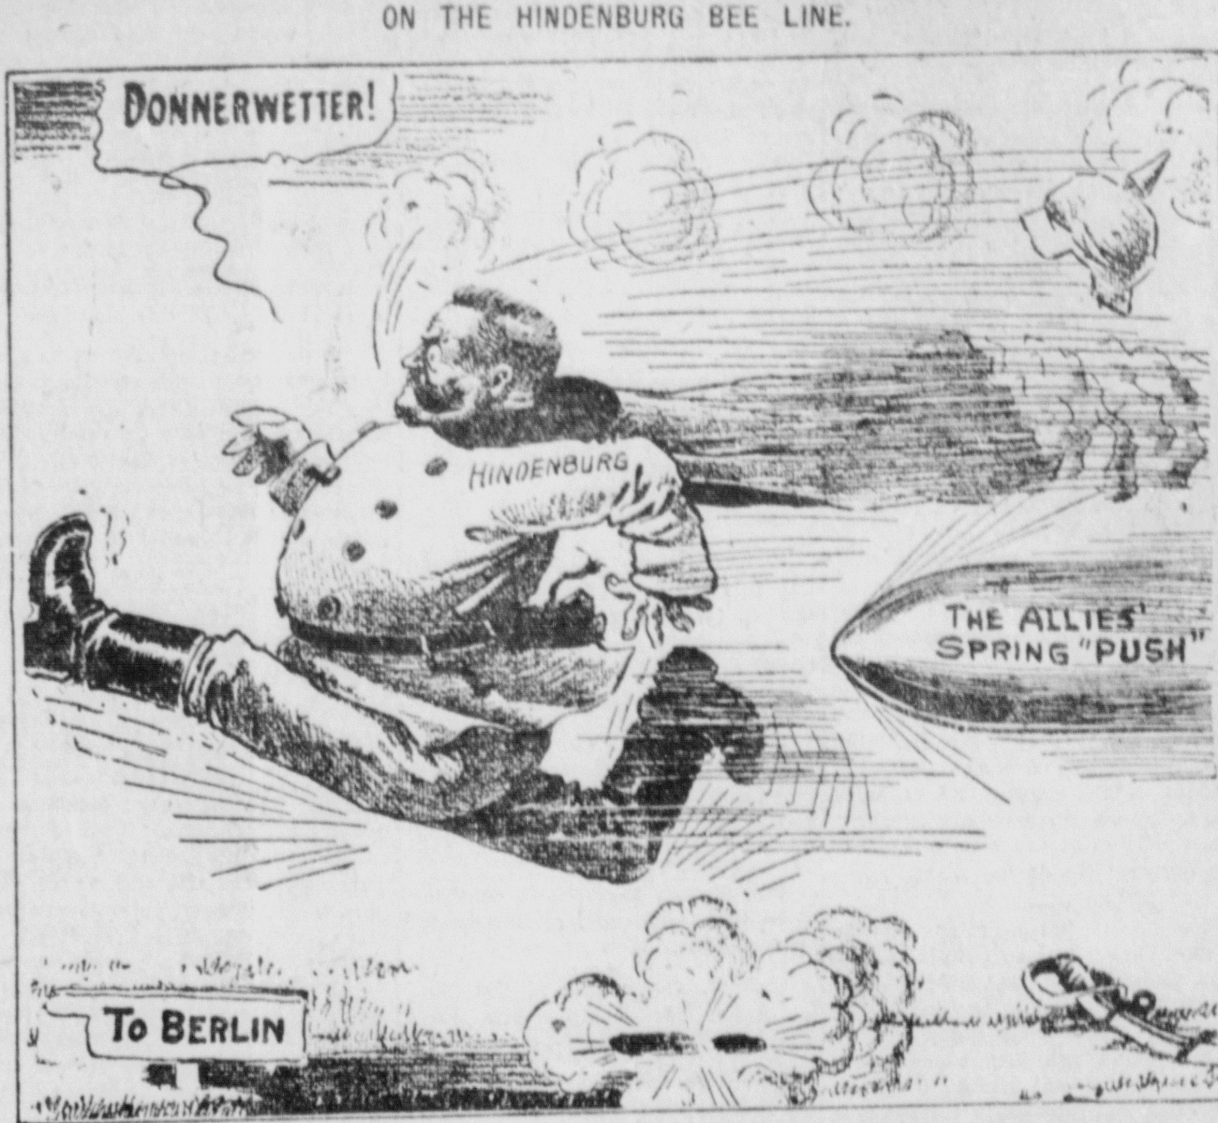

New York, May 3.—Every motorcycle messenger in the United States army will be equipped with a private wireless outfit, with a radius of from 50 to 100 miles, if the invention of Frank E. Evans, captain in the marine corps, stationed on recruiting duty in New York, receives favorable consideration by the ordnance board. Captain Evans' outfit weighs less than twelve pounds, and can be set up to receive messages in from one to two and a half minutes. It consists of a sending and receiving apparatus, a dynamo attached to the rear wheel and a 100 foot aerial constructed on the order of a steel fishing pole. It is claimed for the invention that constant communication can be maintained with friendly air scouts and field stations.

Don't hit a man when he is absolutely broke. He has already been knocked centsless.

BRITISH LOOSE A TRANSPORT

Believe That 279 Men Were Drowned.

(Associated Press, Cable.)

London, May 3.—The British transport Arcadian was sunk by a submarine on April 15. It is believed that 279 men were drowned.

The Arcadian, 8,939 tons gross, was owned by the Royal Mail Steam Packet Company, of Liverpool. She was 500 feet long and was built at Barrow in 1899.

She was withdrawn from the passenger service early in the war and taken over by the British Admiralty.

OHIO ROADS RAISE RATES OF DEMURRAGE

Effort to Break Up Holding Produce on Track.

By Associated Press Dispatch.

Columbus, O., May 3. — New demurrage rates announced by Ohio railroads today were approved by the Public Utilities Commission.

Demurrage of \$2 a day will be charged on each car left unloaded on sidings for a period of five days after the expiration of the 48-hour free time period, and \$5 will be charged for each day thereafter.

TWO KILLED BY TORPEDO

Owners of Rockingham Receive Notice of Disaster.

By Associated Press Dispatch.

New York, May 3.—Two members of the crew of the American steamship Rockingham were killed when the ship was torpedoed by a German submarine, according to a message received here today by the Garland Steamship Corporation from Captain Charles Edwards.

The message, dated today, at London read: "Rockingham torpedoed. Two men killed. One boat missing. Thirteen men not yet landed."

(Signed) "EDWARDS."

RUTH LAW WILL FLY AT OHIO STATE FAIR

By Associated Press Dispatch.

Columbus, O., May 3. — Ruth Law, famous woman aviator, who won prominence when she made a record breaking air trip from Chicago to New York, several months ago, will make day and night flights at the Ohio State fair this summer.

Secretary N. E. Shaw, of the state board of agriculture, which has charge of the fair, has received word from Miss Law, advising of her acceptance of the board's offer. In her night flights, Miss Law will drop fire works to illustrate one phase of aerial warfare carried on in Europe. Miss Law has just returned from France and hopes to be able to enlist in the aviation service of the United States.

RESTA MAY BE ONE OF RACERS IN CINCINNATI

By Associated Press Dispatch.

Cincinnati, O., May 3.—Prospects are growing brighter for the obtaining of Dario Resta, international speed way champion of 1916, as one of the starters in the second annual International Sweepstakes race, to be run on the speedway here on Decoration Day, May 29. Some time ago it was announced that Resta had decided to retire from the racing game to devote all his time to automobile engineering and designing.

Within the past ten days reports have been sent out that he will associate himself with a motor car company and this is followed with the positive announcement that this company will send a racing team to the Cincinnati races.

Ralph De Palma is certain to be a starter in the race. De Palma's entry was received last week. He has been at work on his new car for months and in a letter to President Harry Leyman, of the Cincinnati Speedway, asserts that experimental runs made with a new motor have convinced him that at last an American made engine has been created which will easily hold its own with the best motors of Europe.

BIDS FOR FIFTY-TWO MILES OF ROADWAY TO BE LET MAY 17

By Associated Press Dispatch.

Columbus, O., May 3.—Clinton Cowen, state highway commissioner will receive bids at 2 o'clock on the afternoon of Tuesday, May 17 for the construction of 52.25 miles of new state aid road in twenty Ohio counties. The estimated cost amounts to nearly one million dollars.

At the same time bids will be received for the repair of 97.57 miles of state road in eighteen counties, the estimated cost amounting to \$124,381. The bids will be opened at the office of the state highway commission in this city.

Boost Washington; Buy at Home

SWAT THE SWINE PLAGUE IS URGED UPON FARMERS BY DEPARTMENT

By Associated Press Dispatch.

Columbus, O., May 3.—In view of a probable unprecedented demand for meats, brought about as one of the results of war, general warnings will be sent to farmers of Ohio in bulletins to be issued by the state agricultural department about May 15 to take early steps this year to prevent a spread of hog cholera.

While less than a dozen cases, these all in one county, have been reported, the state veterinarian's office already has compiled information and instructions that it is hoped will minimize losses early this summer. First suggestions are that hog lots be plowed thoroughly and that hog owners be prepared for immediate use of hog cholera serum in event there is evidence of the disease in his community. The veterinarian's office is now prepared to furnish cholera serum which is highly recommended.

It is pointed out that cholera is contagious and that the disease can be spread by streams, birds, dogs and other such carriers and that frequently germs are distributed by the farm's eggs themselves when care is not taken to thoroughly cleanse shoes after an infected district has been visited. Complete destruction by fire of bodies of hogs dying from cholera is urged, as burial very often does not have the effect of doing entirely away with the germs.

FROM PARIS

Navy blue serge is here fashioned into a straight line frock for youth. Black satin inverted revers over a ribbon vestee, with cuffs to match, make a good contract, which is further accentuated by gold braid loops for belt buttons.

METZGER DRILLS HIGH SCHOOL BOYS

By Associated Press Dispatch.

Cleveland, O., May 3.—J. J. Metzger, formerly a major in the Fifth Regiment, Ohio National Guard, has been elected supervisor of military training by the board of education and has begun the work of drilling Cleveland high school boys.

Since the board voted for military drill some weeks ago, boys in nearly every high school have been drilling under teachers, of varied military experience. Major Metzger will standardize the military instruction as soon as possible.

In Social Circles

The May meeting of the Woman's Missionary Society of the First Baptist church was well attended at the home of Mrs. Jud Clark, Wednesday afternoon.

Assisting Mrs. Clark as the hospitable hostesses of the afternoon were Mesdames Milo Smith, Fred Snider, Chas. Kramblet and Miss Lydia Conn.

Mrs. G. L. Hart led a beautiful Devotional service, after which Miss Florence Ogle conducted the program on the topic, "Baptist Foreign Mission Work." Mrs. Robert McLean and Mrs. Milo Smith read papers on this subject and Mrs. C. F. Ballard an affecting Literary Digest article concerning the dead soldiers found in the trenches and the comfort to their friends in the number of testaments with inside leaves testifying to their conversion found with them.

Mrs. Ballard also played a piano solo.

Over fifty women participated in the meeting and its closing social hour with light refreshments.

Messrs. Asa J. Patterson and Joe F. Patterson, who received on Tuesday a summons to report to the Reserve Officers' camp at their home in

Atlanta, Ga., were tendered a farewell dinner at the Cherry Hotel Wednesday night by a few of the men of their close association during the past eighteen months of residence in this city.

It was an elaborate six course dinner featuring every spring delicacy, and marked by much brilliancy of appointment, served in the private dining room of the hotel.

Seated with the honor guests were Messrs. Wm. M. Campbell, A. T. Kyte, R. R. Kibler, Robert Willis, C. Howard Griffin, F. W. Abkle, W. R. Howard and G. L. Linton.

The dinner hour was one of unusual merriment, even for a stag affair, and was followed by delightful aftermath of toasting, reminiscences and story telling.

The two young southerners have been extremely popular and a very genuine regret over their departure was voiced in impromptu toasts by several of the guests and is being echoed by many friends and acquaintances outside of the little circle dining together Wednesday night.

The first social meeting of the Federation of Women's Bible Classes was entertained by the Business Women's Bible Class at the First Baptist church Wednesday night.

A hundred and fifty women were in attendance and found both instruction and interest in the splendid lesson taught by Mrs. Charlotte Tuttle, President of the Federation and also of the Business Women's Class. The social features of the evening were especially enjoyed.

The Daughters of the American Revolution, while not having made entire settlement, are able to approximate the amount cleared by "The Eagle's Wings," photo-production of Monday night, as close to forty dollars, a nice little nucleus for the preparedness fund.

Mrs. G. L. Sprague gave pleasurable entertainment to the young women of the Wednesday and Thursday Duplicate Auction clubs Thursday afternoon.

Mrs. Loren Perry delightfully entertained twenty-two women of the C. W. B. M. of the Christian Church Wednesday afternoon.

Mrs. Jasper Blackmore gave a paper on "Argentina," and Mrs. Chas. Lewis one on "Mrs. Hanson's Thank Offering." Mrs. Van Gundy, told the story of "Mary Slessor of Calabar," Mrs. Deere gave the question and answers.

A social hour followed and dainty refreshments were served. The assisting hostess was Mrs. Geo. Perry.

A jolly party of sixteen young people enjoyed quite an out of the ordinary affair at the home of Misses Alta and Ruth Sexton on N. North street Wednesday night.

It was a "back to the farm" party with all the girls in calico frocks and sun bonnets and the boys in overalls. All the old songs were sung, the old time games played and everybody had the best kind of a time in the old time way.

The luncheon carried out the same suggestions.

The Women's Foreign Missionary society of Grace M. E. Church met in the church parlors, Wednesday afternoon.

The president, Mrs. Adams being absent on account of sickness, Mrs. Hodson vice president filled the chair. Mrs. Christopher had charge of the devotions.

The all-day jubilee meeting held April 12th has proved wonderful up

lift to this society. New members are coming in and old members realize more than ever the great needs of those in the dark lands.

An exceedingly fine program was given under the leadership of Miss Fannie McLean.

There were readings interspersed with music.

Following the program there was a very enjoyable social hour, during which delicious refreshments were served by the hostesses, Mesdames Norman McLean, Merriweather and Miss Fannie McLean.

PERSONALS

Mr. and Mrs. John Schoonover, of E. Temple street, are announcing the birth of a son on Monday; weight 10 pounds.

J. G. Watz and wife completed the trip in their Ford car from Kokomo, Ind., to this city Wednesday evening. They expect to remain here, Mr. Watz operating a Crector popcorn machine and coming well recommended.

Messrs. Asa and Joe Patterson postponed their departure for Atlanta, Ga., until Thursday, leaving on the morning train.

Mrs. Robert Howat and daughter, Miss Jean, were visitors, Wednesday in Columbus.

Mrs. W. F. Morford, of Columbus, is visiting her daughter, Mrs. Jesse Persinger, for a couple of days.

Rev. Wm. Boynton Gage, spent Wednesday in Columbus.

Mr. and Mrs. Charles Johnson, Mr. and Mrs. Clifford Peddicord made a motoring trip to Lancaster and Columbus, Wednesday.

Miss Gretchen Willis arrived from Walnut Lane School, Germantown, Philadelphia, Thursday, morning, called by the serious illness of her grand mother, Mrs. Virginia Willis.

Mr. and Mrs. C. P. Jamison of Glendon, accompanied by Miss Rachel Core, of the Sabina Schools, are motoring to Concord church, Friday to attend a banquet tendered to the winners in a "Red and Blue" contest, recently concluded in the Concord Sunday School. The usual attendance of about fifty was augmented to nearly four hundred in the most spirited contest of the kind ever undertaken in that section. Mr. and Mrs. Jamison were formerly members of this Sunday School and active participants in the contest.

Mrs. J. C. Greiner and daughter, Mrs. R. M. Hughes, returned Wednesday evening from a stay of several days in Cincinnati, to hear "Caruso" and the Symphony Orchestra. They also saw "The Birth of a Nation" and other attractions.

Mrs. E. A. Squires arrived from Greenfield Thursday morning for a brief visit with her daughter, Mrs. Arthur Leland.

Mrs. W. J. Galvin and Miss Mary West were visitors from Wilmington here Wednesday.

Mr. and Mrs. John Westwater, Mrs. Moon and Miss Della Selsor, of S. Charleston and Mrs. Harford, of Springfield, were the guests of Mr. and Mrs. Harry F. Brown Thursday.

Mr. H. B. Dahl and daughter, Miss Nina Dahl, motor to Columbus Friday to meet Mrs. Dahl and daughter, Mrs. Fannie Schweitzer, who are returning from a winter's stay at the La Fayette Hotel in Washington, D. C.

Mr. and Mrs. T. A. Gray are moving to Dayton where they will make their future home.

Mrs. S. S. Cockerill, daughter, Miss Lavin, Mr. and Mrs. D. T. McLean and daughter Mary are closing their winter home in Miami, Fla., this week and are expected home early next week. Mr. McLean and family will probably spend a week enroute visiting coast resorts.

Mr. and Mrs. Wm. Pickering have moved from the Paul double house on Court into Mrs. Van Pelt's double house on East Market.

Mrs. Fred Miller of Wilmington, and Mrs. George E. Dunn, of Sabina were the guests of Mrs. Levi Reeder and daughter, Miss A. C. H. Thursday.

Mrs. Frank McDowell is over from Bloomingburg for a couple of days visit with her mother, Mrs. John Millikan.

Mr. J. S. Williams spent the past two days in Cincinnati on business.

Mrs. E. J. Fultz of Derby is the guest of her sister, Mrs. O. H. Robbins.

Miss Fannie Hyer visited her sister Mrs. Lang Johnson, in Columbus to see "The Birth of the Nation" the first of the week.

Mr. and Mrs. John Bryant, Mrs. Ione Bryant and Mrs. Jud Clark made a motoring trip to Columbus, Thursday.

Mrs. W. E. Summers is convalescent after a week's illness with the grippe.

Miss Charity Stuckey has returned from Columbus, where she visited friends and saw "The Birth of a Nation."

Mrs. Wm. Worthington, Mr. and Mrs. W. H. Brown and Mr. B. F. Jamison were business visitors in Columbus Thursday.

Mr. George Cox is over from his farm near Hillsboro on business.

Mr. John Parker, of New Holland, spent Thursday in this city.

Miss Iris Marchant and aunt, Miss Violet Chitty of Milledgeville, who have been spending the winter at the Marchant winter place, Palmetto, Fla., returned the first of the week. Miss Marchant stopped over in Dayton for a few days visit with Miss Helen Kuntz and is expected at her home tonight.

BUSINESS MEN TO BACK BOYS

At the Thursday noon luncheon of the Dutch Treat Club, the club went on record for backing the Y. M. C. A. gardening plan, and will do all possible in the work of obtaining garden space, preparing it and seeding.

The work is being carried out under the direction of Secretary Patton who is enlisting all boys of the town who are desirous of being useful, and the work is along the co-operative plan, with payment for those who work.

A call has been made for all available lots in the city, and the request is made for those having such lots to immediately notify Secretary Patton. Also, Mr. Patton announces that lots or small fields near the city are sought, and he is desirous of locating several acres in this manner.

The plan bears the stamp of approval of the business men of the city and is creating no little enthusiasm among the energetic boys.

ELECTION BOARD REORGANIZES TODAY

The Board of Deputy State Supervisors of Elections of Fayette county met Thursday afternoon and reorganized.

The board consists of J. D. Post, Howard Engle, J. W. Cockerill and H. E. Daugherty, the latter being appointed last week to succeed Ed Seiborn.

J. D. Post was again chosen Chief Deputy, and Geo. A. Gregg was chosen to succeed himself as Clerk of the Board, having proven a valuable man for the work, which he has done for several years.

LITTLE CHOLERA IN THIS COUNTY

With the price of hogs "out of sight" and still going, farmers of the county are giving more attention to the care of their swine, and the result is the virtual elimination of hog cholera—a plague which has, in ten years, caused the loss of hundreds of thousands of dollars in Fayette county alone.

At the present time there is very little cholera and when it appears, farmers are making every effort to stamp it out by serum treatment.

However, the majority of the farmers have learned that the time for treatment is before the disease appears, and it is this method of immunizing that is eradicating the disease in Fayette.

IDLE THROG MUST FIRST REGISTER

Springfield has successfully stopped the gangs of idle persons who have frequented the police court to hear proceedings in sensational cases. The new scheme works like a charm.

All persons entering the spectators' hall are required to register, giving name, address and occupation.

Then the authorities get busy, and the idle are given their choice of going to work or facing vagrancy charge.

Other towns are considering this policy, and it is expected to become general.

LARRIMER LAUNDRY

JURY DISAGREES IN UNUSUAL CASE

Gregg & Gregg are back from Hillsboro where they spent part of the week representing Ida B. Caldwell in an action against H. H. Hurd, Greenfield druggist, who asked \$295 from the defendant.

The case was tried several months ago, before a justice of the peace, and plaintiff awarded damages in the above amount. The defendant appealed the case to the common pleas court of Highland county, where it was tried this week and the jury disagreed. D. Q. Morrow and W. C. Hicks represented the defendant.

The woman filed suit claiming that she asked for coconut oil with which to clean her hair, and was given a poison which caused her great suffering and permanent injury to her eyes. The bottle containing the drug was exhibited in the trial.

PEDESTRIAN STRUCK BY AN AUTOMOBILE

While crossing Hinde street at the Market street intersection, Wednesday evening, Oscar Scott was struck but not seriously injured by a large automobile which was northward bound on the west side of the street.

Mr. Scott suffered painful injuries to the left arm.

N. L. W. S. MEETING NEXT MONDAY EVE.

There will be a meeting of the National League for Women's Service at the Federated Club rooms in the Y. M. C. A. building Monday evening at 7:30. Dr. Lucy Pine will talk on "first aid." Everybody invited. 105 13

DIVORCE GRANTED

In Probate court R. E. Barrere, this week was awarded a divorce from Ruth Barrere, on the grounds of gross neglect of duty.

DUTCH ORGANIZE FOR PROTECTION HOME PRODUCTS

(Associated Press Cable.)

Utrecht, Netherlands, May 3—

Dutch traders seeking fresh means to supply their home needs from home sources and Dutch manufacturers anxious to displace foreign-made goods organized the first Dutch National fair now in progress at Utrecht.

This first national attempt to bring manufacturer and wholesale dealer in touch with each other has been a success, and its repetition next year seems assured. All exhibits had to be of Dutch manufacture. The results

were highly creditable to Dutch enterprise. The fair discloses the fact that Holland is making a bold bid for industrial independence. In the last eighteen months, 200 new factories have been built in this country, not devoted as elsewhere, to war work but raised in obedience to natural economic demands.

Germany's chemical industries will have to look to their laurels, for Holland's new factories are able to produce their own coal tar products, aniline dyes, synthetic perfumes, saccharine and toluol.

LADIES CIRCLE G. A. R. Ladies Circle of the G. A. R. will meet Friday afternoon, May 4th at 2:30.

SPECULATORS GET ATTENTION

(By American Press)
Washington, May 3.—High price seeds was aired in the senate, the debate developing into denunciations of food speculators, with statements that the best way to deal with them was to string them to lamp posts or put them in prison.

Senators from farming states declare there is no reason to fear a shortage of staple foods in the United States. Senator John Sharp Williams declared there had been a hysteria throughout the country and that the cause of high prices was largely psychological. Word should go straight out from the senate, Senator Williams said, that there is no shortage of food. Senators Nelson and McCumber agreed that there is no reason to fear a shortage. The attack on the speculators was led by Senators Thomas and Borah. The Colorado senator declared they were the real enemies of the nation, expressed the hope congress would not adjourn without legislation that would remedy the evil, and said the lamp post is the thing to cure such speculation. Before the debate turned to other things Senator Thomas introduced an amendment to the espionage bill, empowering the president, by proclamation to suspend during the war operations of boards of trade and chambers of commerce which deal in futures. He had it sent to the table for later consideration.

Senator Borah predicted a world famine if the war lasts two years and if extraordinary and sustained efforts are not made here to meet the food problem. He attacked the packers, declaring they made enormous profits, and said speculation and monopoly in foodstuffs made millions for those

who were responsible and made pawns of the people. He favored conscription of food and government possession of the packing companies. Food speculation, he said, would not be ended until the speculators "are put in stripes, behind the bars."

Senator Nelson suggested that if some of the "statesmen concerned about the situation" would go to Minnesota and assure the farmer of good climatic conditions, the wheat crop there would take care of itself. Senator McCumber said the nation should have a wheat surplus this year of more than 200,000,000 bushels, after feeding itself and providing for seedling.

Citing Canada's bumper wheat crop, Senator Nelson said it could have been sent to England, but instead, it being imported to this country.

Fish Commissioner Smith told a senate committee that the supply of cod, salmon, herring and other edible fish practically is unlimited and that the government might well go into the fishing business.

NIGHT SCHOOL FOR TRAINING NEWLY CHOSEN OFFICIALS

(By Associated Press Dispatch)

Columbus, O., May 3.—A night school of instruction for newly appointed inspectors and investigators of the state fire marshal's department has been started by State Fire Marshal T. A. Flemming. Fourteen men attended the first sessions this week, at which talks were made by experts, attorneys and others on subjects relating to the work done by the fire marshal's office.

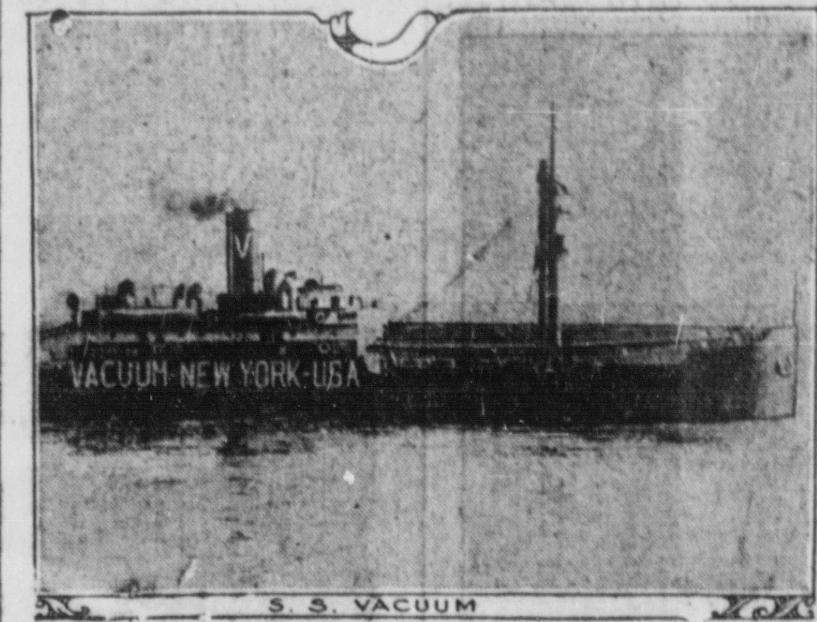

Methods of determining what constitutes arson, with the legal phases as well as the collection of evidence a part, motives for incendiarism and a complete study of details from the time of a fire until trial on charges of arson, constitute the course of training. The night school work was inaugurated in order to systematize the work of the department.

UNEMPLOYED ALIENS TO GET ATTENTION

Columbus, O., May 2.—Establishment of a labor bureau for unemployed Germans has been decided upon at a meeting of the German-American Alliance here.

Asserting their Americanism, members of the Alliance denounced the discharging of Germans in this country, because of their nationality. It is planned to place as many unemployed Germans as possible on farms to aid the government's food campaign.

American Oil Carrier Vacuum Recent Victim of German U Boat

The torpedoed American tank stamer Vacuum formerly was known as the Bayamon and was in the trade on the great lakes under the ownership of the Great Lakes Transportation company. Her name was changed some months when she was purchased by the Vacuum Oil Co. of California and converted into a

BRITISH FORCES HAVE CROSSED THE SINAI DESERT INTO PALESTINE

With the British Forces in Palestine, April 30.—(Correspondent of Associated Press.)—After twelve months of incessant toil in the Sinai desert, sometimes fighting hard, always digging, making military works, building railways, constructing pipe lines and roads, and forever marching over the inhospitable wastes, the British troops have at last come into the Promised Land, says the story of the British official eye-witness with the expedition.

What a marvelous change of scene! Behind them is a hundred miles or more of monotonous sand, blazng and shimmering under a torrid sun, with here and there a group of palms to relieve the sameness of the desert. Behind them, too, is the intolerable glare of the noonday sun, which is never softened except when the khamsin lifts the dust and forms a screen through which the sun appears as during an eclipse. But the sand storm is a worse torment than the penetrating rays, for it brings additional heavy labor to men with parched throats and scorched skins.

The British troops in the desert column are now free from these trying conditions. They are in Palestine. Before them, as far as the eye can reach, is unfolded a picture of transcending beauty. When the troops from the desert come up over the ridge to Rafa and look out over the billowy downs, they invariably break into rounds of cheers.

Before and around them everything is green and fresh with the greenness and freshness of springtime. Big patches of barley, for which the plain south of Gaza is famous, shine like emeralds, and the immense tracts of pasture are as bright and warm as the rolling downs of Berkshire. There is an abundance of gorgeous flowers lighting up the vivid greenness of the plain as if in welcome to the oncoming army. The effect of this scene on troops who have become desert veterans can better be imagined than described.

BIG POULTRY PROFITS AHEAD FOR FARMERS

Present conditions point to a continued advance in the price of poultry products sufficient to justify greatly increased hatching in spite of the high price of feed.

The number of chicks hatched on Ohio farms is at least 40 per cent below normal for this season of the year, according to reports received from all parts of the state. The reasons given by farmers for this shortage are poor hatches during the early part of the hatching season, the high value of eggs for market and the advancing cost of poultry feeds. Because of the high cost of feed, many farmers are hatching only enough chicks to supply poultry for the home table.

Poultry raisers will no doubt find it profitable to set as many eggs as possible during May. If they are properly fed and handled the pullets hatched from eggs set this month should begin to lay during November or the first of December. Cockerels of the heavier breeds, such as Plymouth Rocks, Rhode Island Reds, Wyandottes and Orpingtons, hatched from eggs set this month should make eight to ten pound capons by January.

Prices for poultry products of all kinds have advanced steadily with the advancing cost of feeds, so that the margin between the cost of production and the farm selling price is as great or greater than usual.—O. S. U. Bulletin.

WHITE SOX WIN

(By American Press)

Cleveland, May 3.—Chicago won the first game of the series from Cleveland without trouble. The Sox hit Coumbe, Smith and Gould hard in the fifth and sixth innings. Williams kept Cleveland's few hits well scattered. Score:

U-BOAT'S WORK

(By American Press)

London, May 3.—The British official announcement of the number of vessels sunk in the week ending on Sunday last shows that 38 merchant vessels of over 1,600 tons each were sunk. Those of less than 1,600 tons numbered 13 and eight fishing vessels were sent to the bottom by submarines or mines. The announcement says:

"Arrivals of all nationalities, over 100 tons, 2,716; sailing, 2,690.
"British merchantmen sunk by submarines or mines, over 1,600 tons, including three not previously recorded, 38; under 1,600 tons, including one not previously recorded, 13.
"British vessels unsuccessfully attacked, including two not previously recorded, 24.
"British fighting vessels sunk, including two not previously recorded, eight."

5,000,000 Corns Lifted Right Off!

Try 2 Drops of Magic "Gels-It!"

There's a wonderful difference between getting rid of a corn now and the way they used to try to get rid of it only four or five years ago. "Gels-It!" has revolutionized corn history. It's the only corn remedy today that acts on the new principle, not only of shriveling up the corn, but of loosening the corn off—so loose that you can lift it right off with your fingers. Put 2 drops of "Gels-It!" on that corn or callus tonight. That's all. The corn is doomed sure as sunrise. No pain, or trouble, or soreness. You do away once and for all with toe-bundling bandages, toe-eating salves and irresponsible "what-nots." Try "Gels-It!" it's sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H., and recommended as the worlds best corn remedy by Brown's Drug Store and Blackmer & Tanquary's Drug

OHIO GUARDS MAY BE FIRST

Units That Saw Border Service
the First to Be Called.

Washington, May 3.—The first Ohio organizations to see military service in France probably will be the militia units that were sent to the front during the difficulties with Mexico. Which of these units will be the first to go can not be conjectured at this time.

After listening to speeches by the heads of departments that are engaged in war preparations, Adjutant General Wood of Ohio said that it is "a real war" that the United States is engaged in.

"The middle west, I fear, has not found out yet that we are in a real war," said General Wood. "The talks by the government chiefs were profoundly impressive and showed their earnestness and determination."

That all of the Ohio national guardsmen will be called out in certain, General Wood said, although he could not tell when.

One fact that impressed General Wood is that there is a rapidly changing sentiment in regard to sending men to France to fight in the trenches. The whole drift now, he said, is in favor of sending American soldiers soon to battle with the Germans.

General Wood leaves for Columbus this evening.

WILMINGTON TRACK MEET IS PLANNED

Several of the different High schools have entered for the interscholastic Track and Field Meet to be held on the College stadium, Friday, May 4. Some of the schools are Greenfield, Washington C. H., Hillsboro, Xenia, Blanchester, Jamestown, Port William, Sabina, Wilmington, Clarksville and probably Lynchburg and Lebanon.

The track is being put in good shape and a fast and interesting meet is expected. There will without doubt be many records broken. — Wilmington News.

MEETING PLANNED

(By American Press)

Columbus, May 3.—Governor Cox will be one of the speakers and Judge William Littlefield of Cincinnati will preside over the mass meeting here in connection with the Mississippi Valley Suffrage conference May 12, 13 and 14. The mass meeting will be held in Memorial Hall Sunday afternoon, May 13. Distinguished men, including former Governor Willis, Dr. Washington Gladden and Congressman Cooper, will be honorary vice presidents of the meeting. Mrs. Carrie Chapman Catt, president of the International Woman Suffrage alliance, will exhibit the flags of twenty-two nations of the world which have extended complete or partial suffrage to women.

Miss Elizabeth J. Hauser of Warren, chairman of the Mississippi Valley Suffrage conference, predicts a successful meeting. She reports that since the annual meeting last May in Minneapolis, Arkansas, Indiana, Michigan, Nebraska, North Dakota and Ohio have extended presidential suffrage to women.

American Cities Preparing Welcome for Commissioners

ADMIRAL COCHEPRAT AND
DECORATED STATUE OF LAFAYETTE

New York, Philadelphia and other American cities are preparing welcome for the visiting British and French delegates. They will rival Washington's greeting, which astonished the foreigners by its heartiness although the national capital is usually considered a "cold" city. Decorations and illuminations are planned by the cities, with official reception committees, formal banquets, etc. The pictures show Admiral Cocheprat representing the French navy in America, and the decorated statue of Lafayette in New York.

Vice Admiral Cocheprat is dean of the French vice admirals and has a rank as high as can be obtained in the French navy. He was born in 1855.

HOMEGARDEN SUGGESTIONS

The question of fertilizer offers to the amateur back yard gardener his greatest problem, says today's bulletin from the National Emergency Food Garden Commission, which is co-operating with this paper to urge food garden planting in Washington C. H. Stable manure is available in every city and town, and the gardener by practicing intensive methods in the use of manure can make a little of it do his garden much good.

Street sweepings, as free as possible from trash and absolutely free from oil dripped from automobiles, are valuable as garden fertilizer. Every community which has a street cleaning system should see to it that these sweepings without taint of oil are turned over to the home gardeners. Oil in these sweepings is injurious to gardens.

The intensive method of using manure or street sweepings is not to spade it into the ground but to use it as liquid manure. Any gardener can make the device for producing liquid manure. This is the method. Procure a watertight barrel with a spigot at the bottom of it. Fix a latticework of slats inside the barrel just above the spigot. Put two

bushels of street sweepings or stable manure in the barrel on the lattice and fill the barrel at the top with water. When there is a thorough solution of the manure draw the water off in a sprinkling can and apply to the rows of plants. Any oil accidentally included in the sweepings will float and can be skimmed off.

Two bushels of manure used in this way is sufficient to make several barrels of liquid manure. The barrel can be refilled with water again until the solution becomes weak. Then a fresh charge of two bushels of manure is needed.

Instead of using a spigot the liquid manure may be siphoned out of the barrel with a short piece of garden hose. Keep the barrel filled with water all the time.

URGING RAISING OF WHITE CORN

In order that corn meal may be used upon a larger scale than ever before to beat down the high price of flour and other foodstuffs, the Department of Agriculture is urging the planting of an unusual amount of white corn this season, and Fayette county farmers will join with others in the planting of white varieties.

But a great many Fayette county farmers did not have to be told that it would be to their interests to plant white corn, and have planned to grow a larger acreage than ever before.

SCHOOLS ARE INVITED TO ENTER MIAMI MEET

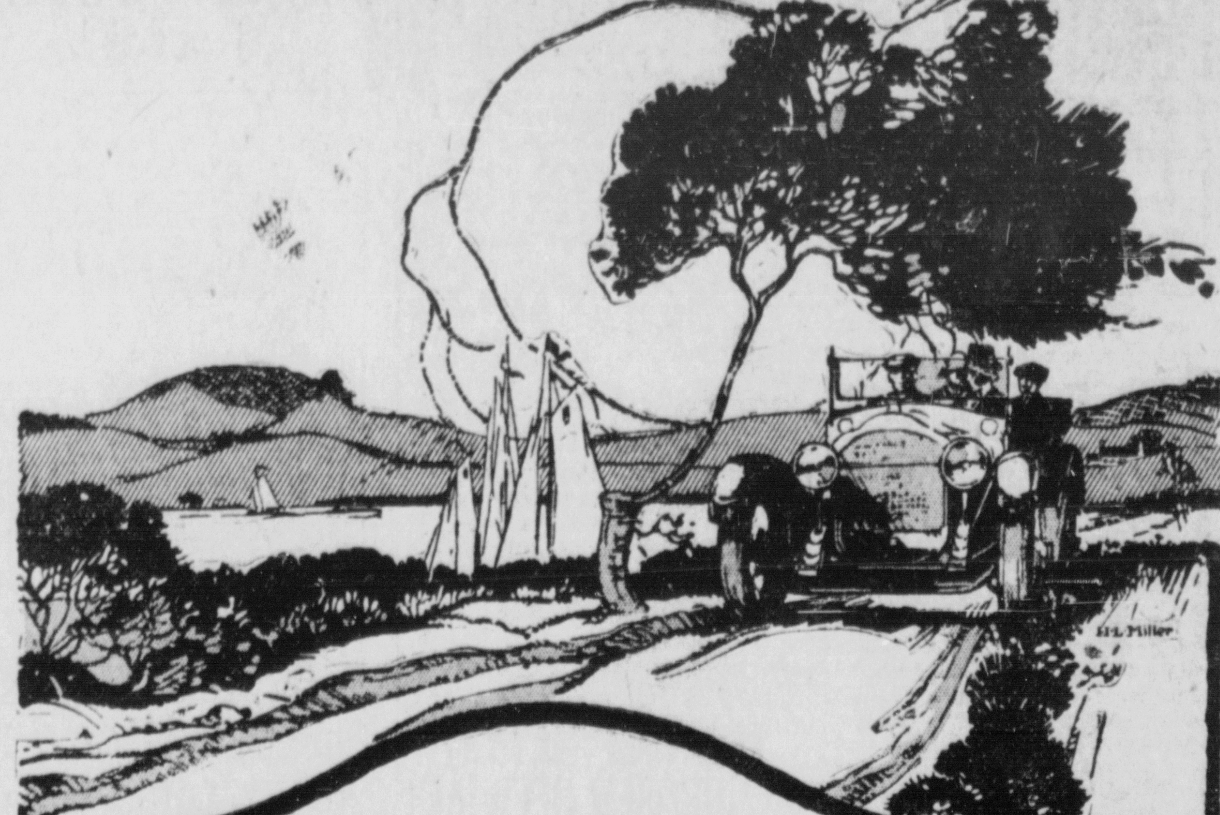

By Associated Press Dispatch.
Oxford, O., May 3.—Miami University has sent out invitations to 200 high schools in Ohio, Indiana and Kentucky asking the athletes of the schools to participate in the eighth annual interscholastic field and track meet on May 12.

Two meets will be held, championship and interscholastic, and gold, silver and bronze medals will be awarded the winners of each event.

THE STANDARD OIL COMPANY

(An Ohio Corporation)

DENOUNCED

(By American Press)

Washington, May 4.—Preliminary evidence that a combination of flag manufacturers exists to fatten on the patriotism of the country was laid before the department of justice by Assistant Secretary of the Treasury Newton. Branding the participants in the alleged "flag trust" a band of "pigs and pickpockets," Mr. Newton declared that an increase of from 50 to 200 per cent has already been engineered through the wave of patriotism that swept the country upon the outbreak of the war with Germany.
